

# Regional Reports Update

May 13, 2014

# Current Status of Regional Reports

- Location of current regional reports:

<http://www.waterplan.water.ca.gov/cwpu2013/rdt-05132014>

- What you will see:
  - IRWM summaries have been included
  - Revisions based on comments received
  - Some updated figures and tables

# Regional Highlights (2 pagers)

- Initial text developed by Regional Offices
- Feedback from Stakeholders: Do not release Regional Highlights without vetting!
- Decision: Regional Highlights will not be released as part of Update 2013
- Adapt this idea for 2018

## Regional Summaries - Proposed Format

- Moving Forward: Committed to developing concise summaries of key regional messages for 2018. (Expand beyond 2 pages.)
- Focus of Regional Summaries:
  - Challenges/issues/objectives in region
  - Success stories/ongoing projects
  - Future and ongoing initiatives (projects and programs)

## Work of DWR:

- IRWM Summaries
- Water Supply and Balance
- Future Scenarios

Regional Summaries  
(expansion of Regional  
Highlights concept, focus is  
on management elements)

Encyclopedic Regional  
Information: “background  
info” from current Regional  
Report becomes Living  
Document

CWP Regional Outreach  
and Collaboration

# Regional Summaries - Process

- Convene a process to more fully develop the regional highlights/summaries based on initial concepts.
- Process to begin this summer.
- Next Steps: Convene regional planning team to think through regional summaries process
- Volunteers? Ideas? Discussion
